"TOWN MEETING" NEXT TUESDAY CALLED BY RICE

John S. Rice, acting chairman of the "Town Meeting" considering the possibility of constructing a community center building here, today extended a general invitation to all residents of the area to attend the second meeting of the group to be held Tuesday evening at 8 o'clock at the council chambers in the Fire Engine House, E. Middle St.

Two committees, one seeking sentiment on what is needed for a community center, and the other seeking to determine how other communities established and operate their centers, are scheduled to make reports at that session.

At the same time the representatives of various organizations present for the original meeting of the group will be back to report on sentiment on the project as expressed at meetings of their group.

Ask Opinions Now

"We want everyone interested to be present and give their ideas on the project," Acting Chairman Rice said. "If the project is to be carried out and be a success it must represent the wishes and desires of the entire community."

"We want to know what the people of the town want for their community center. Then the project can be carried out to provide the greatest service to the greatest number. That has been the duty of one of the committees which will report at Tuesday's meeting—to find out what the people want."

"In addition we extend this additional invitation to everyone interested, asking that they attend and express their views so that we may be certain that we have a complete cross-section of the views of everyone."

If sufficient interest is shown, plans will be laid Tuesday night for a permanent organization to carry out the project.

Truce Negotiators Meet And Recess Amid Rumors Agreement Reached On Korean Truce Line

MUNSAN (AP)—Allied and Communist armistice negotiators met briefly today in a suspense-filled session at Panmunjom then recessed amid rumors that agreement had been reached on a truce line between Allied and Red armies.

However, there was no official hint of what went on during the 20-minute session, the first after a week-long recess. The only announcement was that they had agreed to recess again subject to call by either side.

Two teams of staff officers who have been laboring long hours over the recently changing line of demarcation between the opposing armies and other truce details convened after the plenary session.

Nothing Official

U. S. Secretary of State John Foster Dulles said Monday the only remaining barrier to quick agreement on an armistice was the line of contact.

Spokesmen for the U. N. Command here would neither confirm nor deny the rumors that agreement on the line was reached.

There were some developments to support reports of an agreement.

HIGH STUDENTS HEAR ADDRESS BY DEAN OF MEN

Preparation for college was the theme of an address given Tuesday evening by Robert Fryling, dean of men at Gettysburg College, to more than 250 members and officers of the Hi-Y and Tri-Hi-Y organizations of eastern Pennsylvania who have been attending an officers' Training school at the college since last Sunday evening. "Above all, learn to study. There are many students who come to college without the slightest idea of what is meant by concentration simply because they did not bother to learn in the high school days. They find themselves faced with a serious problem which could have been avoided had they taken time to solve it before they reached the campus," he said.

SHAME! Spies Spared By Douglas

WASHINGTON (AP)—Julius and Ethel Rosenberg won a stay of execution from a single Supreme Court justice today but the government immediately moved for a reversal by the full court.

Atty. Gen. Brownell, in announcing the appeal to the entire bench, described as "unprecedented" the action of Justice Douglas in granting the indefinite stay to the atom spy team.

WASHINGTON (AP)—Justice Douglas today granted a stay of execution to atom spies Julius and Ethel Rosenberg.

The husband-and-wife spy team had been scheduled to die in the electric chair at Sing Sing Prison in New York at 10 p. m. (EST) tomorrow.

Douglas' 11th hour stay put off the execution to an indefinite date—if it is to be carried out.

The Supreme Court justice issued an eight-page printed statement saying he would not issue a writ of habeas corpus, as the Rosenberg lawyers had asked, but:

"Means Long Delay"

"I will grant a stay effective until a question of applicability of the penal provisions of Section 10 of the Atomic Energy Act to this case can be determined by the District Court and the Court of Appeals (in New York), after which the question of a further stay will be open to the Court of Appeals or to a member of this court in the usual manner."

The writ of habeas corpus sought by attorneys for the Rosenbergs would have required the government to prove at a hearing its legal right to retain custody of the couple.

If the man and wife convicted of atomic espionage for Russia had held out hope that President Eisenhower would reverse his previous decision and spare their lives, they got no encouragement yesterday.

Ike Stands Pat

A delegation of four clergymen called on the President to urge a reprieve, and three of them appealed their mission of mercy as a futile one. They said they got the impression Eisenhower was standing by his rejection of a similar clemency petition Feb. 11.

Justice Douglas, who voted with the minority in Monday's 5-4 Supreme Court action refusing a stay of execution, spent 13 hours—less time for meals—studying legal

STATE DEPT. HAS FREE HAND; IKE

WASHINGTON (AP)—President Eisenhower said today it's all right with him if the State Department burns books which openly appeal for the Communist way of life.

The department can do as it pleases on that score, the President told a news conference.

He added he believes no one in this government should do anything which would contribute to a destruction of the United States.

Eisenhower declined to say whether his attack on book burning in a speech at Dartmouth College Sunday was aimed at Sen. McCarthy (R-Wis.).

McCarthy has been sharply criticizing the State Department for permitting books by Communist authors to be placed in libraries abroad operated by the U. S. information program.

Since the Eisenhower administration came into power, the department has ordered such books removed from these libraries.

McCarthy, in comment on Eisenhower's Sunday speech, told reporters yesterday that "he (Eisenhower) couldn't very well have been referring to me. I have burned no books."

"Some members who wanted to be present at today's scheduled session had to leave for home immediately after the session closed," he explained.

Hare said committee members will hear testimony from both the state police and the Pennsylvania Turnpike Commission on details of the fatal crash which occurred on the toll road near Highspire early last Friday.

The committee chairman also said he will attend an inquest on the accident at Harrisburg on June 25.

the local AAA club during the year. In a letter to Miss Helen Spangler, secretary of the Gettysburg club, Richard B. Maxwell, secretary-manager of the Pennsylvania Motor Federation, congratulated the club on its "outstanding achievement" during the year just closed.

Seek Further Gain

"We have every confidence that the Gettysburg club will advance to Class C during the course of the current year," Mr. Maxwell stated.

"The unusually high percentage of renewals is a tradition of the Gettysburg club and bespeaks not only loyalty on the part of the membership but also good service on the part of the club."

"I am sure that the recognition accorded your success last year at the convention will inspire your members to bring new members into the club and thus enable you to broaden the already fine service that you are rendering."

"Please express the congratulations and appreciation of the P.M.F. to all your members."

Miss Spangler, who has been secretary of the county motor club for more than 20 years, was elated over the recognition given the Gettysburg club at the state convention.

Many Service Available

"I am sure that this will be an impetus to all of us to secure new members. We tried hard to reach the 1,000 mark last year and we are setting our goal this year not only to get into Class C but to win first place for increase in membership and service to our members," Miss Spangler said.

Membership in the Gettysburg club includes affiliation with the state organization of nearly 500,000 members and the national AAA with almost 2,000,000 members.

The multiple services that are standard with AAA clubs are available to local members without cost all over the country.

Today's Talk

By GEORGE MATTHEW ADAMS

THE TIME BETWEEN
Each day of our lives we have hours of time between those of active work. These hours can be made to be the really significant ones! A French scientist by the name of Fehr once stated that fully ninety per cent of the creative ideas of scientists came to them in their leisure hours, when not engaged in their work.

In the early years of my business I did a great deal of traveling. I always had a little notebook in my pocket, and as I looked out of the car window or listened to talk by men in the club car ideas would come to me. I jotted them down for later translation into features for newspapers, which was my business. Many an idea thus became known to millions later.

Each year, for nearly a quarter of a century, I have spent two months at a delightful island retreat in Nova Scotia, near Halifax. There I find quiet, stimulating suggestions from the lap of Nature, and hours between for relaxation and thought. Call those hours between idle ones—but they are not! They are full of the juices of hope, happiness and potent seedlings.

I have a book about Walt Whitman in my library. It is called "The Magnificent Idler." People who used to note a strange looking person seated next to them on the Fifth Avenue buses of New York never suspected they were looking upon one of the great poets of America, but they were. Whitman, no matter where he might be, was always thinking out something in those so-called idle hours, or those between actual writing.

Newton, the discoverer of gravitation, was idling when he did so. Lying upon the lap of the good earth, the apple that fell near him started him to thinking. Thus was born a new idea in the world! The hours between can be made the most useful of all our hours—if we think in them.

Vacations are investments, both for the employer and employee. They are renewal days and hours in which the mind is given a new cleansing and a new perspective.

Tomorrow Mr. Adams will talk on the subject: "Incentive and Initiative."

Congress Must Decide Which

Air Force Budget To Accept, Eisenhower-Wilson Or HST's

(Editors Note: This is the second of four stories dealing with the Air Force Revolt against any cut-back in its planned strength.)

By DON WHITEHEAD
(For James Marlow)
WASHINGTON (AP)—The Air Force revolt against the Eisenhower administration's defense budget poses this question: Will Congress put its trust in the civilians at the Pentagon or in the military to determine what size combat forces are needed for the security of the nation?

This basic question is at the core of the dispute. And in making the decision, Congress in fact will be choosing between the security estimates made by President Eisenhower and his civilian aides and those made under the Truman regime.

In brief, Gen. Hoyt S. Vandenberg, Air Force chief of staff, is fighting for expansion of the Air Force to the 143-wing goal established two years ago. He argues this is the rock-bottom force which the present Joint Chiefs of Staff decided was needed to assure security in war with Russia. A wing contains 30 to 75 planes depending on their type and mission.

Favor 120 Wings
Secretary of Defense Wilson—with Eisenhower's support—has fixed an "interim" goal of 120 wings and replied to Vandenberg in effect:

"We don't accept your estimates. The new Joint Chiefs and the National Security Council will study the situation and then we'll decide how big the Air Force should be. Meantime we'll build toward this new goal and we have in this budget all the money we can spend intelligently."

The Eisenhower budget trimmed about five billion dollars from the \$16,788,000,000 Air Force budget approved by Truman. Now Vandenberg says the Air Force could reach the 143-wing goal by mid-1957 if Congress would appropriate an extra \$1,435,000,000.

But there is considerably more than money at stake. The prestige and military judgment of Eisenhower and Wilson also are deeply involved.

Congress Division Important
If Congress should side with Vandenberg against the administration, then Congress would be saying in substance it has more confidence in Vandenberg's estimates

EAST BERLIN—Capt. Harold E. Spangler, with his wife, formerly Miss Gladys E. Hodgson, near Red Run, and their sons, Lee and Jim, who have been making their home in York while Capt. Spangler was in Korea with the Air Force, are now residing at Bedford, Mass., to which section he has been transferred.

Mrs. Spangler's parents, Mr. and Mrs. Philip Hodgson Jr., have returned from a trip to the Southern States, accompanied by Mr. and Mrs. Roy Bubb, also of near Red Run.

William H. Hildebrand, R. 3, active member of Trinity Lutheran Church and Sunday School, was guest speaker recently at a joint meeting of the missionary societies of St. Paul's (Wolf's) Church, near Thomasville.

Mrs. George W. Moul, who recently returned from a trip to New York with her family, made a trip to York during the past week. Mr. and Mrs. George Emig Jr., Palmyra, became the parents of their first child, a daughter, Judith Gayle, at the Hershey Hospital May 29. Mr. Emig, eldest son of Mr. and Mrs. George Emig, Dover, is a grandson of Mr. and Mrs. Harry

ferred to the situation as "stop and start planning." And it isn't strange Wilson should be appalled at some of the conditions he has found at the Pentagon.

The truth is both Wilson and Vandenberg are aiming for the same goals—the security of the United States. The dispute is over just where the buildup can stop without taking too great a risk. And in the final analysis, Congress must make the decision.

(Tomorrow: Does the Eisenhower budget peril the security of the U. S.?)

Two Longest Streaks Of Season Snapped As Browns Stop Yanks With 3-1 Win; Braves Take Pair

By BEN PHLEGAR
AP Sports Writer

Maybe there's still some hope for the American League. The New York Yankees finally lost. The St. Louis Browns finally won.

The two longest streaks of the season ran slam-bang into each other at Yankee Stadium last night and today both are broken, along with several others.

The Yankees won 18 in a row—one shy of the American League record—before bowing to the Browns, 3-1, before 30,362 shocked and dismayed New York fans.

1st In 15 For Browns
For the Browns it was their first victory in 15 games, an all-time record losing streak for the club.

The St. Louisans also ended Whitey Ford's all-winning streak as a starting Yankee pitcher and snapped Joe Collins' 14-game hitting streak.

Ford, a brilliant young southpaw, had won 16 games since coming to the Yankees in 1950, all as a starter. He lost once in relief in his first year.

Duane Pillette and Vic Wertz, a couple of players the Yankees didn't want, were the Browns' stars. Pillette, once Yankee property, combined with old Satch Paige to baffle the Yankee sluggers on six hits. Wertz, whom the Yanks turned down in a proposed deal only last week, arranged the winning margin by homering in the fifth inning with Jim Dyck on base.

Mize Drove In Run
The Yankee half of that fifth inning provided the only joy for the home folks. With two men on, big Johnny Mize stepped up as a pinch hitter looking for his 2,000th major league hit. He met the ball solidly and cracked a single into right field, driving in what proved to be the only Yankee tally.

The Milwaukee Braves, almost overpowered by a welcoming throng of 7,500 when they returned home earlier in the day, showed their appreciation last night by bouncing back into the National League lead by a full game and a half.

The Braves won a pair of squeakers from Philadelphia, 6-5 in 10 innings, and 3-2, while the St. Louis Cardinals were disposing of the Brooklyn Dodgers, 6-5.

Senators Lose
As a result, the Dodgers were replaced at the top by Milwaukee and the Phillies lost third place to the Cardinals.

Pittsburgh split a daylight double-header with Chicago, winning 6-5, and losing 3-2, while the New York Giants divided a twilight-night pair at Cincinnati, 5-3, and Philadelphia won its seventh straight, at the expense of the Cleveland Indians, 9-7.

20th For Matthews
Trailing by five runs after five innings of the first game, the Braves picked up a pair in the sixth on Eddie Matthews' 20th home run of the year and tied it up with three in the eighth off Karl Drews and Robin Roberts, who was working in relief. The winning run came home in the 10th when rookie Thornton Kipper, the sixth Philadelphia pitcher, walked Bill Bruton with the bases loaded.

In the second game Max Surkont celebrated his 31st birthday by edging Jim Konstanty in a pitching duel for his ninth victory against a single loss.

At St. Louis, Rip Repulski, rookie outfielder who had been benched for weak hitting, singled home the winning run in the seventh inning against Brooklyn.

Johnny Lindell, a six-time loser, pitched and batted the Pirates to victory in the first game. Howie Pollet, who moved from the Pirates to the Cubs in the Ralph Kiner deal, beat his old club in the nightcap for his second victory against a single loss.

The heavy-hitting Giants and Redlegs pounded 43 hits in their double-header, including five home runs. Larry Jansen, with help from Hoyt Wilhelm, took the first game. Bob Kelly, recently of the Cubs, won his first of the season in the nightcap.

Indians Lose Sixth
Ray Boone broke in with Detroit in a big way, hammering a home run and a pair of singles in a perfect night against Boston. Boone was traded to the Tigers by Cleveland Monday.

The Indians lost their sixth in a row at Philadelphia, twice frittering away three-run leads. Eddie Joost drove in two runs as the Athletics rallied to win in the eighth.

The White Sox broke out with four runs in the top of the 11th to whip the Senators.

Beshore Loses To Matthews; Near KO

PORTLAND, Ore. (AP)—Harry Matthews of Seattle, fighting to gain a top niche in heavyweight ranks, hammered out a one-sided 10-round decision over Freddie Beshore of Los Angeles here tonight.

Matthews, 180, had Beshore, 200, bleeding and out on his feet at the final bell.

The Seattle veteran showed some of the punching power and ringmanship that won him an impressive string of knockouts before he was stopped by Rocky Marciano in New York last July.

He gave Beshore a bad beating all the way. There were no knockdowns, and he didn't come close to knocking him out until the 10th round.

MICHIGAN TOPS TEXAS 7-5 FOR BASEBALL TITLE

OMAHA (AP)—Michigan's Wolverines, "freshmen" on the national tournament scene, were champions of college baseball today after a 7-5 victory over tourney-weenie Texas in the finals of the NCAA meet.

Michigan took the "College World Series" crown last night before a crowd of 5,303.

It was the Big Ten school's first trip to the national playoffs. Texas, the perennial power in the Southwest Conference, won the championship in 1949 and 1950 and went to the third round in last year's tourney here before bowing to title-bound Holy Cross.

Sophomore Jack Ritter, the third Michigan pitcher, saved the crown for the Wolverines when he came on in the ninth inning and coolly set down a Texas rally.

Another Rally
The bases were loaded, the winning run was on first base with one out and the batter was Paul Mohr, a .388 hitter during the regular season who led his club with 32 runs batted in.

Southpaw Ritter slanted three curve balls across the outside corner to left-handed Mohr for an out, then the 19-year-old hurler got pinch hitter Randolph Biesenbach on a ground ball to first base.

Three consecutive errors by the Texas infield gave Michigan its winning two runs in the eighth inning.

In order, second baseman Bob Towery, pitcher J. L. Smith and first baseman Mohr booted ground balls to load the bases with none out.

Don Cline banged a fly ball deep to center off Smith, the third Texas pitcher, and the base-runners hesitated as Travis Eckert maneuvered underneath. When it fell clear, Frank Howell scored from third. But Jack Lepley, going from first, was out as he ran past Don Eaddy at second on the play.

A fly to right field brought in the second run.

WM. L. MINICH IS GIVEN DRIVER OF MONTH HONOR

A 39-year-old truck driver who has driven 255,000 miles without an accident was presented "Driver of the Month" award at the annual convention of the Pennsylvania Motor Truck Association which opened in Harrisburg Saturday.

William L. Minich, Mt. Holly Springs, who has driven some 8 1/2 years without an accident, received the coveted driver award during the Saturday luncheon session. Walter F. Carey, president of the American Trucking Association, made the presentation.

This was one of the highlights of the convention and points up the concentrated campaign being conducted by the Pennsylvania Motor Truck Association to reduce accidents by having truck users observe self-adopted safety measures which are more rigid than legal restrictions.

Minich, who is a driver for the Yeungst Trucking Co., in Mt. Holly Springs, is a member of the Mt. Holly Springs fire police and is an expert in first aid. On several occasions he has given first aid at the scene of an accident and several times he has assisted in directing traffic at the scene of an accident before the police arrived.

He now becomes eligible to compete for the "Driver of the Year" award.

HIGH STUDENTS

might be asking themselves when the time comes to select their college.

"Develop the best character and personality you know how to develop," he advised. "Do not object to advice given you by others along these lines. Your parents and teachers have had many experiences which can be beneficial if you will but profit by what they tell you. One of the best objectives to follow I know is the platform of your own organization clean speech, clean scholarship, clean sportsmanship and clean living.

"The purpose of your clubs is to create, maintain and extend throughout the home, school and community high standards of Christian character. This purpose would make an excellent goal for you to follow through college and on through your life," he concluded.

During their training school for the past three days, the students attending, all of whom are officers of the Hi-Y and Tri-Hi-Y clubs in their own schools, have attended sessions and workshops where they were given ideas in programming, promotion, meeting subjects, community and other projects which they will take back and put into practice among their individual memberships.

Conducting the three-day program were Ivan D. Houck and Theodore Townsend, Southcentral District; Warren Sellers, Southeast District; William Winters, Northcentral District; Oscar Norbeck, Lower Bucks County; and Robert Baker, Central East District, all of the Pennsylvania State Hi-Y Division, YMCA.

MEEHAN BREAKS WITH GOVERNOR

HARRISBURG (P)—The first public split in the Republican party since 1950 showed today between Gov. John S. Fine and Austin Meehan, former sheriff of Philadelphia and political ally of U. S. Sen. James H. Duff.

"Fine's got nothing that I want from him and I wouldn't give him any of the little I have," Meehan said yesterday after an hour-long conference with Sen. M. Harvey Taylor, Republican state chairman. Meehan came to Harrisburg originally to talk to the governor about the dismissal of 10 state workers sponsored for their jobs by Meehan or one of his political aides. He decided not to see Fine after the conference with Taylor.

"I've got no time for a Benedict Arnold," Meehan said. "I call him that because it's the worst thing I can think to call him."

The governor could not be reached for comment.

WASHINGTON (P)—Sen. James H. Duff (R-Pa.) joined 31 Republicans and six Democrats yesterday in voting down an amendment proposed by Sen. Richard Russell (D-Ga.) that would have raised the Agriculture Department appropriation for soil conservation from 195 to 225 million dollars. The amendment was defeated by a tie vote of 38 to 38. Sen. Edward Martin (R-Pa.) was not listed as voting.

Spies Spared By Douglas

data and listening to attorneys yesterday.

Shortly before 11 o'clock last night, Supreme Court Clerk Harold B. Willey announced that Douglas had not yet completed his study and that his decision would not be announced before morning.

Ask Presidential Reprieve

The Rosenbergs' principal attorney, Emanuel H. Bloch, filed with the Justice Department a new petition for a presidential reprieve of the death sentences imposed more than two years ago.

Bloch said that Daniel Lyons, the pardon attorney who will consider the appeal, told him it would not be "officially processed" or sent to the White House until the defense attorneys had exhausted their legal moves.

Bloch had obtained the Rosenbergs' signatures on a visit to Sing Sing yesterday with the couple's sons, Michael, 10, and Robert, 6. The couple's petition urged the President to "prevent a crime worse than murder" and said that "the guilt, if we die, will be America's."

Claim Innocence

"We are innocent," the petition said. "The truth does not change." This wording was similar to that in a recent statement in which the Rosenbergs declared they had rejected an offer, which they said came from Atty. Gen. Brownell, for clemency if they would tell what they know of Soviet espionage in this country.

Bloch, asked if there was any chance they would talk in an effort to save their lives, replied: "No, they still maintain in their innocence."

Official Moscow newspapers, in their editions for today, took up the Rosenberg case for the first time and declared that "progressive opinion" in the U. S. and the world generally regards them as "the victims of the war hysteria." "At the trial of the Rosenbergs," the Moscow papers said, "there was not presented any convincing proof whatsoever of their guilt."

the battlefield. The pictures also show other Civil War battle scenes as well as portraits of Lincoln and Mrs. Lincoln taken by the famed Civil War photographer.

New Photos And Painting

Karl L. Trever, chief of exhibits and publications section of the National Archives, said the Brady pictures are the same as those placed on exhibit in 1950 at the exhibition room of the National Archives, with a few exceptions. About 200 pictures were in that group, but several key pictures which are considered too valuable to be allowed outside the archives will not be with the collection sent here.

In addition to the Brady picture and the modern collection of prints taken by the photographic society members, the display will also feature a painting made of the scene at Hanover Junction by John Sheffer, Hanover artist. That painting, showing Hanover Junction as it is today, will be placed with the Brady picture of Hanover Junction in 1863.

Part Of Antique Show

The exhibition of the Brady and other pictures will be shown in connection with an Antique Show to be held in the annex under sponsorship of the Gettysburg Junior Chamber of Commerce with about 25 antique dealers from this section and larger cities of the country participating by placing displays of their antiques.

The antique show in turn will be one of a large number of activities to be held throughout the community during the three-day Pennsylvania Dutch Fete which will end Sunday, June 28, with a Pennsylvania Dutch church service at Trinity Evangelical Church.

POSTPONE EXHIBIT

York's third annual Outdoor Art Exhibit, which was to have been held Sunday at Penn Park in York, was postponed until next Sunday because of bad weather.

U. S. STEEL IS RAISING PRICE; SEE NEW JUMPS IN LIVING COST

PITTSBURGH, Pa. (P) — U. S. Steel Corp. boosted steel prices an average of \$4 a ton today, presaging industry-wide hikes which could send the nation's living costs spiraling.

Big Steel's action came five days after it granted an 8 1/2-cent hourly pay increase to 170,000 employees represented by the CIO United Steelworkers.

It is the first rise in basic steel prices since a 55-day strike last summer which ended after the union won a 21 1/2-cent hourly pay package increase.

Others To Follow
Other steel producers are expected to follow U. S. Steel's lead and raise prices. They probably will adhere to a similar scale. However, President C. M. White of Republic Steel Corp. says his firm plans an increase of \$5 to \$10 a ton.

Industry-wide steel price boosts may be reflected in higher price tags for the many thousands of items which are made of steel. It is unlikely that manufacturers will absorb any such hikes, meaning the consumer ultimately may have to pay more for everything from pins to refrigerators.

U. S. Steel, largest steel producer in the nation, said over-all effect of the price changes represents an average advance of about two-tenths of a cent a pound for carbon steel products, which now will sell for 6 cents a pound or about \$120 a ton. Along with this upturn, there are proportionate advances for alloy and stainless steel products.

10 Firms Signed
Three more basic steel producers signed agreements with the USW yesterday giving nearly 35,000 workers an 8 1/2-cent wage increase. They are Sharon Steel Corp., Wheeling Steel Corp. and Pittsburgh Steel Company.

This brought to 10 the number of firms signed up, including U. S. Steel, which set the pattern last Friday. About 420,000 of the union's estimated 600,000 members in basic steel now are under new wage pacts. They had been averaging from \$2.06 to \$2.16 an hour.

tained 120 members of the Rebekahs at dinner Friday evening.

Red Satellite Wants U. S. Spies

WASHINGTON (P) — Communist Poland has offered to receive Julius and Ethel Rosenberg, condemned atomic spies, if the United States will lift their death sentences and let them go to Poland.
The Polish Embassy said Tuesday a note to this effect was presented on Monday to the U. S. Embassy in Warsaw.

The Rosenbergs, native-born U. S. citizens, were convicted of stealing atomic secrets for Russia and are under sentence to die Thursday in New York's Sing Sing Prison.

Poland, a satellite of Moscow, said its offer of "asylum" for them was made at the suggestion of the Polish Red Cross.

Advance Move To Organize Guard

HARRISBURG (P) — Preliminary steps toward reorganizing local units of the 28th Pennsylvania National Guard Division were taken here today with 22 officers present.

Explaining the objectives of the National Guard reorganization, Brig. Gen. Henry K. Fluck said that a recruiting program would get underway soon to bring the 28th up to strength.

Gen. Fluck said Division Headquarters would be located at Indian-town Gap with the military police contingent located nearby. The Division Headquarters Co. will be located in Harrisburg, Fluck said.

Gov. John S. Fine announced reactivation of the 28th several weeks ago and appointed Maj. Gen. Charles C. Curtis, Allentown, commanding general.

Communists Stage Biggest Air Raid

SEOUL, Wednesday, June 17 (P) — Fifteen Communist planes bombed Kimpo Airfield and Seoul's port of Incheon Monday night and early today, touching off huge fires visible for 40 miles.

The fires raged through a fuel dump at Incheon. It was the biggest Communist air raid of the war on Seoul's environs.
The Fifth Air Force said an undetermined number of bombs were dropped.

Italy is about the size of New Mexico.
